

T-Does Designs graphics service – custom cap service

Here's how it works:

We have three styles of caps to choose from! You indicate which style and desired color you want.

You email the image or design idea to tdoes@verizon.net.

A mockup of your desired cap will be sent to you for approval.

Once design is approved a invoice will be sent for payment to get your custom cap made and delivered.

Your design will be Dye Sublimation printed and only be on the front panel of the caps!

Note: shipping is free
